**J.W. (Hank) Holderfield**  
*Executive Director*

**Melissa Connor**  
*Associate Executive Director*

Dear Friends and Colleagues,

We are very pleased to invite you to the 2026 Summer Meeting of the Georgia Society of Oral and Maxillofacial Surgeons, which will be held August 7-9 at The Ritz-Carlton Reynolds, Lake Oconee.

The Ritz-Carlton Reynolds, Lake Oconee is one of the most luxurious lakeside resorts in Georgia, a place where lake house-like charm, world-class accommodations and highly personalized service create an unforgettable experience.

A stay at one of the most rustically elegant lake resorts in Georgia opens the door to spectacular golf experiences on five championship courses, a relaxing day of fishing or boating on Lake Oconee or at a world-class spa, or dining lakeside as stars fill the sky. It is where multi-generations of families gather to make vacation memories.

You'll find at this meeting:

- ◆ **Shaun R. Young, DMD** who will discuss:  
"Pterygoid Implants + Digital Workflow: Cracking the Code to Same-Day Full Arch Success"
- ◆ **Justine Moe, DDS, MD, FACS**, who will discuss:  
"Osteonecrosis of the Jaw: Emerging Therapies and Innovations"
- ◆ The wide-ranging **Exhibit Hall**, which offers attendees ample, uninterrupted time to learn about the products and services busy OMFS practices use every day.

Please take a moment to review the information in this brochure and register for the 2026 Georgia Summer Meeting today (and book your hotel accommodations!).

Sincerely yours,

**Michael Rosenthal, DMD**  
*President, GSOMS*

# SPEAKERS

## Shaun R. Young, DMD

A Tampa native, Dr. Shaun Young was born and raised in Brandon, Florida. He completed his undergraduate studies at the University of Florida in Gainesville. There, he was a student-athlete and played on the Men's Tennis Team. He then attended the University of Florida College of Dentistry and earned his Doctor of Dental Medicine Degree while also serving as the Dental school class president.

Dr. Young completed his Oral and Maxillofacial Surgery Residency at Emory University in Atlanta, Georgia, where he also served as the Administrative Chief Resident. His exceptional surgical training and exposure to multiple community hospitals serving diverse populations have afforded him invaluable experience and knowledge in all aspects of oral and maxillofacial surgery.

Dr. Young's surgical expertise includes dentoalveolar surgery, implants, and bone grafting, orthognathic surgery, maxillofacial trauma and reconstruction, oral pathology, and temporomandibular joint surgery.

Dr. Young has a strong passion for helping others. With his meticulous surgical planning and execution, he constantly strives to make a positive and lasting impact on his patients.

Dr. Young is committed to always doing what's best for the people of Tampa, Clearwater, and New Port Richey. He is also a consultant with privileges for Oral and Maxillofacial Surgery at Regional Medical Center Bayonet Point, Morton Plant Northbay Hospital, Mease Countryside Hospital, and Mease Dunedin Hospital.

## Justine Moe, DDS, MD, FACS

Dr. Moe hails from Edmonton Alberta, Canada. She obtained her dental degree at Dalhousie University School of Dentistry in Halifax NS. She subsequently completed internships at the University of California, Los Angeles and at Emory University. Dr. Moe completed the dual degree MD-OMFS residency program at Emory University, and went on to the fellowship in Head and Neck Oncologic and Microvascular Surgery at the University of Michigan.

Dr. Moe is a Clinical Assistant Professor in the Department of Oral and Maxillofacial Surgery at the University of Michigan. She is the Director of the Oral & Maxillofacial Surgery Residency Program and the Associate Director of Head & Neck Oncologic and Microvascular Reconstructive Surgery Fellowship.

Dr. Moe specializes in the treatment of head and neck cancer and non-cancerous tumors. Her clinical practice focuses on the comprehensive rehabilitation for facial deformities and tumor resection surgeries including reconstructive surgery, dental implant rehabilitation Her clinical and translational research focuses on oral cancer epidemiology, technological advances in cancer surgery, and mechanisms for oral carcinogenesis.

# GENERAL INFORMATION
